

Leader 1000 Series

Leader 1020D

Leader 1020D - light grey

Leader 1020D - black

Simple to use, yet the most versatile telephone handset for business and hospitality, the Leader 1020D is the epitome of quality, reliability, and true value.

The Leader 1020D comes with a data port for connection to fax machines and modems ideal for business and hospitality users. Compatibility with all PABXs and Networks, the Leader 1020D is simplicity and technology at its best.

Note: Leader 720D still available in light grey and black.
